

Payroll

The CMI Payroll system has been designed with the end user in mind. The system features powerful tools that help you deliver a better solution to your employees and retirees. CMI currently provides payroll software to over 300 government agencies. With unlimited accruals and deductions, CMI can handle virtually any payroll scenario. Our system is simple enough to use with only a few employees yet powerful enough to process thousands. Features like Direct Deposit, Time Clock Interface and

Microsoft Word® Integration help you to enhance your Payroll Department. Our built-in Human Resources Module tracks information about employees like emergency contacts, certifications, reviews, training and more. Contact us today to set up your free software demonstration.
